Different Types of Grips

What is the correct grip? Here's a picture. Notice that there is a choice. Some children like to pinch with the thumb and pointer. That's the tripod (3—pinch with thumb and pointer, pencil rests on tall man). Others like the quadropod (4—pinch with thumb and pointer/tall man together, pencil rests on ring finger).

Tripod grip

The Tripod Grip is a writing grip that holds the pen or pencil with the thumb + index finger. The pen or pencil rests on the middle finger when using the tripod grip.
